The Story Behind the Song: Love, Curses, and Two Black Cats At its heart, "Two Black Cats" is a love song, but one that delves deeper into the complexities and mysteries of human connection. The song's lyrics explore classic themes of love, fate, and the idea of being "cursed" by love in a way that feels both familiar and intriguingly new. Bear Cole uses the imagery of two black cats—a symbol often associated with mystery, superstition, and the unknown—to represent two lovers whose connection defies logic and convention. Lines like "Two black cats crossing paths in the moonlight / Love's a curse, but we're doing just fine" highlight the paradoxical nature of love as both a blessing and a curse.
