One More Dance

Overview

Bear Cole presents One More Dance, a single released on March 27, 2026. One More Dance — Where Emotion Meets the Dancefloor One More Dance is a defining statement in the evolving sound of Bear Cole —a track that seamlessly merges singer-songwriter storytelling with the pulse of electronic dance music. At its heart, the song is about holding onto a moment. That space between connection and goodbye. That feeling when the night is almost over, but you’re not ready to let go. It’s romantic. It’s reflective. And it moves. Indie Songwriting Meets House

Energy What sets One More Dance apart is its ability to live in two worlds at once. On one side, it carries the emotional depth of indie and singer-songwriter traditions: heartfelt lyrics melodic phrasing a sense of vulnerability and honesty On the other, it is driven by the structure and energy of house and electronic dance: steady four-on-the-floor rhythm layered synth textures a hypnotic, forward-moving groove The result is a track that feels equally at home: in headphones late at night on long desert drives and on the dancefloor A Sound Rooted in the Southwest As with much of Bear Cole's work, One More Dance carries the spirit of the Southwest. There's a sense of: open space warm night air movement through landscape and memory This feeling—often described as Southwest Soul —blends environment, emotion, and genre into a unified sound. It's not just about how the music sounds, but how it feels. A Signature 1st Drop Music Approach Released through 1st Drop Music, the track reflects the label's core philosophy: genre is fluid emotion comes first experimentation is essential One More Dance is a perfect example of this approach—bringing together indie, house, and electronic elements without losing identity or intention. It's music that doesn't fit into a single box—because it was never meant to. A Moment That Lingers There's a timeless quality to One More Dance. It captures: connection movement and the desire to stay just a little longer That universal feeling—wanting one more… Official press information, artwork, credits, and listening destinations are maintained by 1st Drop Music.
